

MACEDON RANGES SHIRE COUNCIL

Local Safety Committee and Partner Agencies

Macedon Ranges Shire Council, the Local Safety Committee and local partner agencies are working to develop a greater focus on gender equity in the Shire, better address intimate family violence and work to develop safe places and spaces.

In the new Community Safety and Crime Prevention Partnership Plan, which will go on public exhibition in September at www.mrsc.vic.gov.au, two areas of specific focus have been identified: 'safe places and spaces' and 'Safe and secure women'.

- All health providers in the Macedon Ranges Shire have identified family violence as a key priority area.
- Council, police and health and welfare agencies have improved their coordination and partnerships in the area of intimate partner violence.

Macedon Ranges Shire Council also makes specific mention of family violence in its Municipal Health and Wellbeing Plan - http://www.mrsc.vic.gov.au/Page/page.asp?Page_Id=62&h=0

We're off and running...
